WE CAN MAKE YOUR STUDENT LOAN DISAPPEAR.

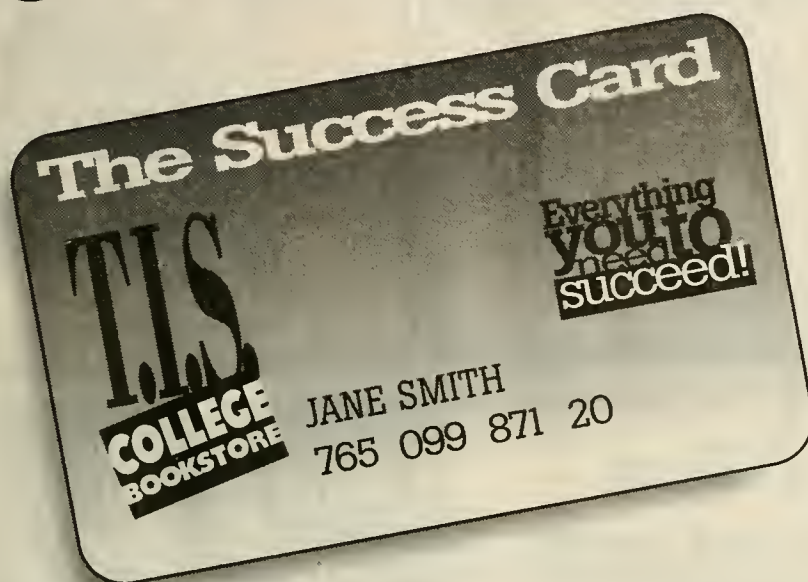

It's not magic, it's the Army and Army Reserve's Educational Loan Repayment Programs. If not in default, federally insured college loans up to \$55,000 can completely disappear after three years of active Army service. The amount and duration of repayment varies for Reservists.

Your college experience may allow you to enter the Army at a higher rank and pay grade. And you may also qualify for sophisticated skill training.

For more information, call 1-800-USA-ARMY, Ext. 439, or mail in the coupon today.

Welcome To U of I DIRECT Registration

When you use your Network ID and password to access U of I DIRECT from personal computers at multiple locations on campus (or via dial-up with modem), you will be welcomed to U of I DIRECT registration, followed by a request to verify your local address and the Main Menu of Options. You then select an option by pressing the appropriate

key(s) on the keyboard.

A registration checklist and Schedule Planning Form, included in the *Timetable*, will help you develop your schedule before you log onto U of I DIRECT.

You will be assigned a Registration Time (RT) based on the number of hours/units completed or in progress, according to campus policy. Through U of I DIRECT you can:

- register and add/drop classes
- update your address and telephone information
- provide information on appointment/graduation status
- obtain a copy of your early registration schedule

Some classes are listed in the *Timetable* as "authorization only." Contact the department for approval before using the U of I DIRECT system to register in one of these classes.

The U of I DIRECT system will control for RT, class size, academic program, maximum credit, advising hold (if applicable), and encumbrances. If an advising hold has been placed on your record, it must be removed before you can register. You should resolve all encumbrances as soon as possible. If you have an encumbrance on your record, access to U of I DIRECT to register or to drop or add classes will be blocked approximately three weeks prior to the first day of instruction. **If you have an encumbrance on your record as of 5:00 PM the first day of instruction, your course registration for the term will be cancelled.** You can avoid having your course registration cancelled by resolving encumbrances.

Finally, the U of I DIRECT Assistance Center will be available from 8:30 AM until 4:45 PM, Monday through Friday in B-3 Coble Hall (enter north side of Coble). If you need information or assistance using U of I DIRECT, call 333-6565.

Introduction to the Timetable

The *Timetable* is the listing of course offerings for the term, and includes instructions on when, where, and how to register and drop and add classes; tuition and fees, and billing information; academic calendar information; how to get a replacement ID card; etc. Therefore, please keep it for future reference. Updated information on course offerings is also available by checking timetable course section information on the World Wide Web (http://www.uiuc.edu/admin_manual/Courses/time.top.html) and from college and departmental advisers.

While every effort is made to provide accurate and up-to-date information, the University reserves the right to change without notice statements in the *Timetable* concerning rules, policies, procedures, tuition, fees, curricula, courses, or other matters. All course registrations are accepted subject to enrollment conditions set by the offering departments. In addition, colleges and departments reserve the right to:

- impose enrollment requirements and prerequisites,
- reassign students to other sections in a course,

- withdraw students from certain courses or sections after enrollment,
- cancel course offerings or sections for legitimate educational reasons.

Students considering enrollment in military science, naval science or air force aerospace studies courses should be aware that University policy prohibits discrimination on the basis of sexual orientation; students may enroll in these courses regardless of sexual orientation. As of the date of printing of this publication, students seeking to enroll in ROTC are not asked to disclose their sexual orientation. However, homosexual conduct is grounds for disenrollment from the program.

Student Responsibility

- You are responsible for knowing and adhering to the policies, deadlines, and procedures in the *Timetable*. Careful reading of the various sections of this booklet will help you avoid enrollment problems.
- U of I DIRECT is the UIUC system to register for courses by computer. When you do so, you agree to pay tuition and fees to the University according to the payment policies and schedules adopted by the Board of Trustees. If you wish to cancel your registration, and thus avoid payment of tuition and fees charges, you must do so by 5:00 PM of the first day of instruction.
- Unauthorized use of University of Illinois computer systems, data, or resources; unauthorized use of another individual's identification, account, or password; or an attempt to gain unauthorized access is prohibited by University policy and may constitute a violation of Illinois state law.
- As an enrolled student, you are responsible for knowing and complying with the regulations of the University, your college, and the departments offering the courses you are taking, and for fulfilling the requirements for your particular degree. You may obtain the regulations of your college at the college office.

You are expected to conduct yourself at all times in accordance with accepted principles of responsible citizenship and with due regard for the rights of others.

You are advised to obtain a copy of the *Code on Campus Affairs and Handbook of Policies and Regulations Applying to All Students*. That publication is available for inspection at college and departmental offices and libraries, at the Illini Union Information Desk, the Student Organizational Complex in the Illini Union, in the lobby of the Turner Student Services Building, and at Window 25, 100 Henry Administration Building.

The Office of Publications/Office of Public Affairs at the University of Illinois at Urbana-Champaign contracted for the publication of the *Timetable*. 95.093

Registration Procedures

1. Registration Time - Invitation to Register

All eligible continuing and re-entry students are assigned a Registration Time (RT), according to priorities established by campus policy. This is the first time a student can access U of I DIRECT registration for the term. You will be informed of your RT in your Invitation to Register from the Office of the Registrar, mailed to your local address approximately two weeks before the start of the Early Registration Period. If you did not receive this mailing, please go to B-3 Coble Hall. Within each priority grouping, RT's are assigned in intervals first by the number of hours earned plus the number of hours (if any) in progress. Further assignment, as necessary, is done randomly by student ID number.

2. Eligibility to Register

In general, students currently enrolled in UIUC degree programs can register early for the 1996 fall semester. You may not register early if you are:

- A part-time nondegree student.
- A student graduating prior to August 1996, unless you have been admitted to a UIUC graduate, professional, or second baccalaureate degree for fall semester 1996.
- A student newly admitted to a UIUC degree program. Information about your initial registration procedures will be included in your Notice of Admission.

3. Advising Hold

Academic advising is recommended for all students and is required in most programs. You are encouraged to meet with your adviser to discuss your plan of study before using U of I DIRECT to register. An advising hold may be placed on your record if you are in a college/department in which advising is a mandatory prerequisite to registration. In such cases you must complete an advising session before your college/department will clear you to enroll using U of I DIRECT. For additional information on the advising hold, please contact your college office.

4. Encumbrances

Academic and administrative offices may place encumbrances on your record for academic reasons, funds owed to the University, judicial reasons and for failure to meet medical/immunization requirements. If you have an encumbrance(s) on your record, resolve it with the appropriate campus office as soon as possible. You will be informed of any encumbrance(s) on your Invitation to Register, your official class schedule and each time you access U of I DIRECT. An encumbrance will not prohibit you from participating in early registration, and you can continue to use the system to make

course changes until your official class schedule is mailed to you approximately three weeks prior to the beginning of the term.

After the official class schedule is mailed, however, all encumbered students will be blocked from access to the U of I DIRECT registration sequence. Students will be alerted to the presence of any encumbrance(s) on the official class schedule and directed to the appropriate office(s) to resolve them. **Failure to resolve the encumbrance(s) prior to 5:00 PM of the first day of instruction will result in cancellation of your course registration for the term.**

5. Enrollment Requirements and Prerequisites

Many courses carry prerequisites and other enrollment requirements such as "consent of instructor," "enrollment limited to majors," "seniors only," "honors students," etc. These requirements are listed with each course and many are computer controlled. You are expected to comply with these prerequisites and enrollment requirements. Failure to do so may result in your being removed from the course. Should you have questions regarding these requirements, please contact the teaching department.

6. "Authorization Only" Courses

Some courses require departmental authorization prior to registration. If you are interested in an "authorization only" course listed in the *Timetable* you should consult the teaching department prior to your Registration Time. If you meet the enrollment requirements for the course, the department will authorize you online to enroll in the course. You, in turn, must register for the course using U of I DIRECT.

7. Maximum/Minimum Enrollment Levels

The maximum amount of credit in which a student can enroll without special overload approval from his/her college office is:

Fall and Spring Terms

Undergraduates	18 hours
Graduate, Vet Med, Medicine	5 units (20 hours)
Law	16 hours

Summer Session 1

Undergraduates	4 hours
Graduate, Vet Med, Medicine	1½ units (6 hours)
Law	6 hours

Summer Session 2

Undergraduates	9 hours
Graduate, Vet Med, Medicine	3 units (12 hours)
Law	6 hours

Should you wish to enroll above the established maximum, consult your college office.

U of I DIRECT will display a warning message if you are not enrolled in a full course load for the term. Enrollment below the minimum may jeopardize your financial aid status, progress toward a degree, or your visa status if you are an international student. Full-time enrollment for undergraduate students is 12 or more hours; for graduate students, 3 or more units.

8. Credit-No Credit

The credit-no credit grading option is designed to encourage students to explore areas of academic interest that they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than applicants whose

transcripts contain none or very few. Likewise, in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade because they do not know whether the actual grade was a D or E.

Credit-no credit courses are not counted toward the grade-point average, but are included as part of the total credit hours and are assessed as credit hours.

Instructors are not informed of those students in their classes who are taking work under the credit-no credit option, and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC. Grades of C or better are required to earn credit.

The credit-no credit option is not available on U of I DIRECT. Should you wish to elect this option, please consult your college office or graduate department.

9. Policy on Intercollege Transfer

An intercollege transfer applicant is one who is currently registered in an undergraduate college at UIUC and who wishes to be considered for admission to another undergraduate college at UIUC. Intercollege transfer applicants are considered on the basis of the intercollege admission requirements of the new college and availability of space in the chosen programs. This policy does not apply to the Graduate College or a professional college.

The campus has designated two periods each term for intercollege transfer. They are:

- Two weeks prior to the beginning of the Early Registration Period for each term. Curriculum changes will not be allowed after early registration begins.
- One week prior to the start of instruction for the term and through the first week of instruction.

If you intend to apply for intercollege transfer, you should do so within these designated time frames. Your access to certain courses is dependent upon your college of enrollment.

10. Student Health Insurance

The University's Board of Trustees requires that all students be covered by a health insurance plan, either the University's Student Health Insurance Plan or a plan determined by the University to be an equivalent plan. Requests for exemption from the health insurance fee, purchase of dependent coverage, etc., are limited to specific time periods at the beginning of each semester. See "Student Health Insurance Plan" in the Timetable for deadline dates and instructions.

How to Use the World Wide Web *Timetable*

The *Timetable* is also on the campus network (UIUCnet), via a service called the "World Wide Web" (WWW).

The WWW version allows convenient browsing of the *Timetable* with the following advantages:

- Timeliness: It is updated every night from U of I DIRECT data.
- Cross-referenced information: Every course is linked to more complete course descriptions found in the on-line *Courses* catalog.
- Helpful information: Supplemental information is available, e.g., links to a campus map showing class location.
- You can search it via an easy-to-use index.

The WWW *Timetable* can be viewed on the network by using a browser program on a PC, Mac, or Unix system. Some common browsers are NCSA Mosaic, Netscape, or Lynx. If you are familiar with using a WWW browser (i.e., if this computer jargon hasn't bewildered you), you may view the *Timetable* using the following URL (the "address" of the *Timetable* on the WWW):

http://www.uiuc.edu/admin_manual/Courses/time.top.html

A document explaining in greater detail how to view the WWW *Timetable* may be obtained at most CCSO locations, including computer sites across campus and the CCSO Resource Center (1420 DCL, 244-1258). Ask for "Using the WWW *Timetable* on the Campus Network." Consultants in the Resource Center can also help you learn about WWW browsers.

The WWW browsers are available on all CCSO site computers, so you may view the WWW *Timetable* at any CCSO site.

U of I DIRECT Network ID and Password

To access U of I DIRECT, you will use your Network ID and password. All UIUC students are assigned a Network ID and password when they are admitted to the University.

As with any computerized system, security of the data is a primary concern. In order to maintain the security of your student records and class schedule, it is imperative that you protect your Network ID and password. NEVER tell anyone your password. NEVER let someone use your Network ID and password. The importance of your password is much like that of a bank card PIN — ALWAYS protect the privacy and security of your password. You are encouraged to change your password periodically to maintain the security of your Network ID.

You may change your password using a computer at any CCSO site. Staff at these locations can assist you. A document entitled, "Changing Your Network ID and Password" is also available at these sites. It describes the procedure you use to change your password. Additionally, if you forget your password, you may go to one of the following three sites to have it reset so you can resume using your Network ID.

- Lincoln Hall—Room 200
- CCSO Resource Center—1420 DCL
- U of I Direct Assistance Center, B-3 Coble Hall
(8:30 AM to 4:45 PM, Monday through Friday)

The CCSO sites (the first two listed above) will provide this password reset service from 8:30 AM to 5:00 PM, Monday through Friday, at the beginning of each semester and through the early registration period.

Throughout the year, staff at Lincoln Hall and the CCSO Resource Center can assist students, faculty, and staff in resetting their password. This service is available from 8:30 AM to 5:00 PM, Monday through Friday.

If you have questions or concerns about your Network ID and password, contact the CCSO Resource Center (1420 DCL, 244-1258).

✓ U of I DIRECT Registration Checklist

✓ Have Your U of I DIRECT Registration Materials

To register for courses using U of I DIRECT you need:

- U of I DIRECT Schedule Planning Form (located in the back of the *Timetable*)
- Your Network ID and password
- Your Registration Time (RT) from your Invitation to Register

If you did not receive your Invitation to Register, contact the U of I DIRECT Assistance Center, B-3 Coble Hall, 333-6565.

✓ Meet with Your Adviser to Plan Your Program of Courses (and Alternative Course Selections) for the Term

- Before your Registration Time (RT), meet with your adviser to discuss your program of study for the term.
- Discuss with your adviser alternative course selections in case your first choice offerings are full/unavailable to you.
- Complete the Schedule Planning Form as a guide.

✓ Prepare for Enrollment Restrictions that May Be Placed by Departments

- **Consent Instructor/Authorization Required:**
If you plan to select courses requiring consent of instructor or departmental approval, contact the department offering the course to obtain permission **PRIOR TO** registering via U of I DIRECT. **Approval to register in AUTHORIZATION ONLY courses is entered into the U of I DIRECT system on-line by the department offering the course. You, in turn, must register for the course using U of I DIRECT.**
- **Independent Study Courses:**
Independent study courses require the instructor's permission before registering. If you select an independent study course, obtain permission from the instructor **PRIOR TO** registering via U of I DIRECT.
- **Courses with Prerequisites:**
Many courses have prerequisites. The prerequisites are intended to help you succeed in the course. You are expected to comply with them. You may be removed from a course for failure to comply with the prerequisites.
- **Courses with Restrictions:**
Some courses have restrictions which limit registration to students meeting certain criteria, e.g., college, curricula, year in school, honors, or placement test scores. Many restrictions are computer controlled. You may be removed from a course if you do not meet the course criteria. Consult the department offering the course if exceptions to these restrictions are required.

✓ Clear Advising Hold and Encumbrances

- If you have an advising hold and/or an encumbrance(s) on your record, that information will appear on your Invitation to Register and on the U of I DIRECT system.
- The advising hold must be cleared on-line by your college or department before you can register using U of I DIRECT.
- An encumbrance should be resolved as soon as possible, but will not block your access to U of I DIRECT registration until after your Official Class Schedule has been mailed to you, approximately three weeks prior to the first day of instruction for the term. If you have an encumbrance on your record as of 5:00 PM on the first day of instruction, your course registration for the term will be cancelled.

✓ Use a Computer on Campus (or via Modem) to Register

- With the foregoing steps completed, use your Schedule Planning Form (located in the back of the *Timetable*) as a guide to register in courses via U of I DIRECT. There are multiple points of access to U of I DIRECT conveniently located on campus. Many of these locations are listed in the *Timetable*. Dial-up access via modem is also available.

✓ Register for a Complete Schedule

- You are advised to register for a complete schedule of courses for the term as soon as possible following your Registration Time (RT).
- Although additional seats may become available in a few courses, and additional sections may be added to some courses prior to the start of the term, you should not delay completing your schedule on the assumption that seats will eventually become available in courses which have closed.
- Complete a workable course schedule early, even if every course is not your first choice.

✓ Verify Your Addresses and Phone Numbers

- You are required to provide a local and a home address and a local phone number. If either is blank, U of I DIRECT will require that you provide the addresses before you will be allowed to add courses.
- Make certain that your local, home, and emergency addresses and phone numbers are correct so that you don't miss any important information from the University.

✓ Graduate Students: Check Your Appointment

- A graduate student with a teaching or research appointment must choose menu option F from the U of I DIRECT Main Menu. Select the letter that corresponds to the percent time of your appointment to ensure that you receive proper credit for your tuition and service waivers.

✓ If you are receiving a degree at the end of the term

- Be sure to choose menu option E to petition for your degree.

- If you have not been previously registered at the University: Obtain the approval from the instructor of the class and the dean of the college in which the course is offered.
- If you are a staff employee of the University: In addition to obtaining other required approvals, you must secure the recommendation of the head of the department or unit in which you work.

Registration Charges, Payments, and Refunds*

Waivers and Exemptions

If you receive a **waiver**, you are assessed the amount of the charge but the amount is waived by University policy. Because you were assessed the charge, you are eligible to receive the benefits of the service provided by that charge.

If you are **exempt** from a particular charge, that charge is not assessed and therefore you are not eligible to receive the benefits of the services provided by the charge. If you have an exemption from any charge because you are registered in Credit Ranges III or IV, you may obtain the benefits of the service provided by making individual arrangements. (see "Fees and How They Are Determined.")

Tuition and fee waivers are not granted for the Executive MBA or other full-cost programs. Detailed information on tuition and fee waivers and exemptions is published in the *Code on Campus Affairs*.

If you believe that you qualify for any of the waivers or exemptions, consult the staff at Window 25, 100 Henry Administration Building.

Tuition and Fee Assessments

Tuition rates are determined by the University Board of Trustees. Assessment is based on your college and curriculum of enrollment, class, your residency classification, and your credit range.

College of Enrollment

Your tuition rate is based in part on whether you are an undergraduate, graduate, or professional student. All students enrolled in engineering, chemical and life sciences, and art, music, and architecture, and the master's of business administration curriculum are assessed a tuition surcharge.

Because the Professional Veterinary Medicine Program requires a full course of study each term, students in that curriculum are assessed a single tuition rate for each of the four years of the program.

Students enrolled in the nursing and medical sciences programs on the Urbana-Champaign campus are assessed tuition at Chicago campus rates. Fees are assessed at UIUC campus rates.

Information about tuition rates for students in flight training, study-abroad, Executive MBA, and other special-cost programs may be obtained at Window 25, 100 Henry Administration Building, or by calling (217) 333-0210.

* Tuition and fees policies and procedures are established by the Board of Trustees and administered through various campus offices. This publication summarizes the policies and procedures currently in effect, which may be modified from time to time without notice.

³ Lower division: 0-59.9 semester hours.

⁴ Upper division: Over 60 semester hours and nondegree.

⁵ In addition to the fees that apply to all students, an instructional fee is assessed of students in this program.

Residence Classification

Another factor in determining your tuition rate is your residence classification (resident or nonresident of Illinois as defined and determined according to regulations approved by the University Board of Trustees). Your classification is based on information you provide on your admission application and other credentials.

To request a change in your residency classification, obtain a petition at either 314 Illini Union (see "Registration-Related Activities" for dates and times) or Window 25, 100 Henry Administration Building. You must submit the petition within twenty days of either the first day of instruction or the day you register, whichever is later. If you fail to submit a petition within the allotted time period, you lose all rights to a change in status and adjustment of your assessed tuition for the term. Telephone (217) 333-0210 for additional information.

Fees and How They Are Determined

The fee schedule is fixed by the University Board of Trustees and is calculated on the basis of the number of semester hours or units of credit for which you are registered. Fees to be assessed this semester are:

General Fee: Supports certain fixed costs of fee-supported buildings (IMPE, Ice Arena, Assembly Hall, Illini Union, etc.) on campus.

Service Fee: Supports salaries, programming, general expenses, and utilities for campus auxiliary service units such as the Illini Union, the Assembly Hall, and Campus Recreation. *(Students exempt from this fee because they are registered in Credit Ranges III and IV may obtain the services by paying the fall semester fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Sept 27, 1996.)*

Health Service Fee: Supports salaries, programming, general expenses, and utilities for McKinley Health Center and the Counseling Center. *(Students exempt from this fee because they are enrolled in Credit Ranges III and IV may obtain the services by paying the fall semester fee at the McKinley Health Center Business Office by no later than 5:00 PM, Sept 27, 1996.)*

Health Insurance Fee: Covers the cost of premiums to the insurance carrier and the cost of administering the program.

Transportation Fee: Supports a campus and community busing plan for students. *(Students exempt from this fee because they are enrolled in Credit Ranges III and IV may obtain the services by paying the fall semester fee at the Division of Campus Parking by no later than 5:00 PM, Sept 27, 1996.)*

Krannert Fee: Refundable; supports productions at the Krannert Center for the Performing Arts. *(Students exempt from this fee because they are registered in Credit Ranges III and IV may obtain the services by paying the fall semester fee at the cashier windows in 100 Henry Administration Building by no later than 4:00 PM, Sept 27, 1996.)*

Instructional Fee: Assessed students in the MBA curriculum to expand and enhance the program.

Flight Training Fee: Charged each student enrolled in flight training courses in addition to regular tuition and fee registration charges; based on the nature of each course.

SEAL Fee: Refundable; assessed students registered on campus to supplement existing financial aid for needy students.

SORF: Refundable; supports the Student Legal Service and assists in funding programs and/or services of registered student organizations.

SGA Fee: Supports the activities of the Student Government Association.

Students exempt from SEAL, SORF, and SGA fees because they are registered in Credit Ranges III and IV may participate in them by paying a \$10 fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Sept 27, 1996. The charge will cover all three fees which may not be purchased separately.

For refund dates on all refundable fees, see the section "Refund of Special Fees."

Tuition and Fees Billings and Payments

Important Dates

Sept 20, Noon	Payment deadline if registered by Sept 13
Sept 16 and thereafter	Payment deadline is 4:00 PM on day of registration

Billings and payments for all registration charges, plus charges for University-operated housing, occur after classes begin. Billing is done on a Registration Statement of Charges and Aid which itemizes all registration charges, financial aid administered by the University, financial aid from external agencies (ISSC, VA, etc.), and any cash aid for which you are eligible. The statement also contains the date by which either full payment or the first payment on the installment plan (if approved) must be made. The availability of statements and the payment deadline dates are determined by when you register.

If you clear all encumbrances, and have classes on your record by the end of the first day of instruction (Sept 3), your Registration Statement of Charges and Aid will be mailed to your local address around Sept 6. Payment will be due by noon, Sept 20. If your statement does not arrive by Sept 13, go to 314 Illini Union and request a duplicate. **IT IS YOUR RESPONSIBILITY AND OBLIGATION TO OBTAIN A STATEMENT AND TO PAY YOUR REGISTRATION CHARGES BY THE DUE DATE WHETHER OR NOT YOU RECEIVED A STATEMENT AT YOUR LOCAL ADDRESS.** You may make payment either by U.S. mail, in registration drop boxes, or in person at a cashier's window in 100 Henry Administration Building.

If you late register between Sept 4 and Sept 6, you must pick up your statement at 314 Illini Union beginning Mon, Sept 9. Payment will be due at noon, Friday, Sept 20. You may make payment either by U.S. mail, in registration drop boxes, or in person at 100 Henry Administration Building.

If you register between Mon, Sept 9, and 5:00 PM, Fri, Sept 13, you must pick up your statement at 314 Illini Union beginning Mon, Sept 16. Payment will be due at noon, Friday, Sept 20. You may make payment either by U.S. mail, in registration drop boxes, or in person at 100 Henry Administration Building.

If you register Mon, Sept 16, or any day thereafter, you must make payment by 4:00 PM on the day of registration at a cashier's window in 100 Henry Administration Building.

Payment Instructions

- Use the special registration drop boxes to return your payment. Do not use campus mailboxes.
- Allow five days for delivery if you remit by U.S. mail.
- Do not send cash either through the mail or via the drop boxes.
- If you must pay in cash, pay at a cashier's window in 100 Henry Administration Building.

- **Where Can I Make Payment?** If your payment deadline is noon, Fri, Sept 20, you may use either U.S. mail or registration drop boxes (not campus mail boxes) to return your statement along with a check or money order in the correct amount. If you must pay in cash, go to a cashier's window in 100 Henry Administration Building.

Special registration drop boxes for payment of registration charges will be available until noon, Fri, Sept 20, at the following locations:

- Henry Administration Building (east and west entrances)
- Illini Union (southwest entrance)
- **Can I Pay by Installment?** An installment plan for paying tuition and fees and single-student residence hall charges is available to students enrolled on campus. This privilege is not extended to registration in extramural, correspondence, and summer Term 1 courses, or to students to whom the privilege has been denied.

Charges for the semester are collected in three installments; the first payable by the due date shown on the original statement, and the remaining installments payable in October and November.

A one-time finance charge of 1 percent of the total amount deferred, or \$2 (amount subject to change), whichever is greater, is made against accounts being paid under the installment plan. An installment payment of charges becomes delinquent on the first day of the month following the date payment was due. Students with delinquent accounts exceeding the dollar limitation may be denied charging privileges.

If you either pay your registration charges on the installment plan or make no payment at all and then later either withdraw from the University or reduce your registration to a lower credit range after the established refund deadline date for the semester, you are liable for the full amount of tuition and fees assessed.

What if I Don't Make Payment by the Due Date? The due date for payment either in full or by installment is printed on your statement. If you do not make full or first-installment payment by the scheduled due date shown on the statement, you will be assessed a \$25 (amount subject to change) registration late payment charge that will be billed to your student account.

A delinquent service charge of 1.5 percent or \$2 (amount subject to change), whichever is greater, is added per month to delinquent student accounts. At any point in the semester, a student who has a delinquent account exceeding the dollar limitation may be denied charging privileges. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

If you are in debt to the University at the end of any term, you may not be permitted to register in the University again. You are not entitled to receive either a diploma or an official transcript of your credits until you have either paid the indebtedness or made suitable arrangements for payment, unless you either have a bankruptcy petition that seeks a discharge of all such indebtedness or all such indebtedness has been discharged.

- **Special Warnings about Payments.** A penalty of \$15 (amount subject to change) is assessed for each check you present to the University that is returned to the Office of Student Accounts and Cashiers because of insufficient funds or for other reasons. Check cashing privileges may be suspended when more than one check is returned to the University. In most cases, the person who endorses a two-party check is the one liable for any penalties charged if that check is returned.

Additional penalties, INCLUDING DISMISSAL FROM THE UNIVERSITY, may be imposed on students who permit their University accounts to become delinquent or who issue checks that are returned to the University unpaid.

Student Health Insurance Plan

The University provides and administers a health insurance plan which is mandatory for those students who have not provided proof of other equivalent health insurance coverage. The fee for the plan is assessed along with other tuition and fees; coverage is worldwide and extends, including breaks, from the first day of the semester or summer session to the first day of the following semester or summer session. The insurance plan is independent of McKinley Health Service and benefits are not contingent upon McKinley Health Service referrals. Benefits are detailed in the Student Health Insurance Plan booklet which is available at the Student Insurance Office at 807 S. Wright, Suite 480, Champaign, IL 61820; (217) 333-0165. Student health insurance benefits and fees are subject to change from time to time. See below for information and instructions regarding fee exemption, dependent coverage, etc.

All of the following student insurance related activities **MUST BE HANDLED IN PERSON** by the student or his/her representative. The student's University Student ID Card is required. Requests for changes mailed to the Student Insurance Office or included with tuition and fee payments made by mail will be returned without action and could result in missing the deadline.

Coverage Extensions beyond Last Semester Enrolled and Insured

- Insurance coverage ends on the beginning date of the next semester/summer session, however, it can be extended for the next school period. For example, if you were a student and insured for spring and will not be a student in the summer, coverage will not continue through the summer unless you elect to purchase a summer extension.
- Extensions for fall semester may be purchased beginning July 15, 1996, at the Student Insurance Office or at 314 Illini Union, from Sept 3 through noon, Sept 20, 1996; for the spring semester, Dec 1, 1996, through noon, Jan. 31, 1997.
- Premium is payable at time of application.

Exemption from Health Insurance Fee

- Petitions for exemption must be completed in person during the enrollment change period identified above.
- Proof of other insurance must be provided; acceptable proof can be your insurance identification card, or a copy of the policy, plan booklet, or notice on company letterhead from the employer or company certifying your coverage.

- An exemption will automatically continue until reinstatement to the plan is requested (see "Reinstatement" below) or you do not respond to a periodic request to confirm that you continue to be covered by another health insurance plan.

Reinstatement Conditions

- Apply within 31 days of loss of other insurance; coverage is guaranteed and will be effective the date of application or other coverage termination, whichever is later. Proof of other coverage termination is required.
- Apply more than 31 days after loss of other insurance by providing evidence of good health. If approved, coverage is effective the date of application and will be subject to a pre-existing condition limitation for the first 120 days of coverage.
- A full semester premium is required regardless of effective date.

Refunds

Reduction of Program Range

If you reduce your course enrollment to a lower assessment range (e.g. from Range I to Range II), you receive a refund of the full difference between the two ranges, provided the change is made by 5:00 PM, Fri, Sept 13, 1996. No refund is available thereafter.

In all cases, a student enrolled in only one course and who wishes to discontinue enrollment must withdraw from the University by completing the withdrawal process by the stated deadline.

Refunds

You may be released from your obligation to pay all of fall semester tuition and fees by canceling your registration by 5:00 PM, Sept 3, 1996.

You may be released from your obligation to pay part of fall semester tuition and fees by:

- Reducing your program by 5:00 PM, Friday, Sept 13, 1996.
- Withdrawing from the University by 4:00 PM, Friday, Nov 8, 1996.

Refunds of Special Fees

MBA Instructional Fee. If you withdraw from the master's in business administration curriculum you will receive a pro-rata refund of the MBA Instructional Fee.

Krannert Fee. A refund of the Krannert Fee is available to those students who do not desire to participate. This refund is available during the fifth week of instruction in a semester.

SORF. A refund of SORF is available to those students who do not desire to participate. This refund is available during the sixth week of instruction in a semester.

SEAL Fee. A refund of the SEAL Fee is available to those students who do not desire to participate. This refund is available during the seventh week of instruction in a semester.

Flight Training Fee. If you withdraw from a flight-training or glider course you will receive a refund of the unused portion of the flight-training, glider, or aviation course fees, upon recommendation of the Institute of Aviation.

Canceling Your Registration

Before the end of the first day of instruction, you may cancel your registration and be relieved of all tuition and fee charges. You may cancel your registration in one of the following ways:

- On-line by using U of I DIRECT, no later than 5:00 PM on the first day of instruction of the term you wish to cancel.
- By submitting a request for cancellation of registration to the Office of Admissions and Records. The request must be

received no later than 5:00 PM on the first day of instruction of the term you wish to cancel. Requests by mail should be addressed to the Office of Admissions and Records, 10 Henry Administration Building, 506 South Wright Street, Urbana, IL 61801.

- In person requests should be made at Window 25, 100 Henry Administration Building, by 4:00 PM on the first day of instruction of the term you wish to cancel.

You may cancel your registration provided you have neither attended any classes nor received any related student services. If you cancel your registration and do not plan to return for a future term, you must also cancel any future courses for which you have registered.

If you either attend a class or use campus services and then wish to leave the University, you must officially withdraw.

Withdrawal from the University

To withdraw, you must follow established withdrawal procedures beginning with completion of a clearance form available from the office of the dean of your college or graduate department.

To obtain a partial refund of fall semester registration charges, you must deposit a completed withdrawal clearance form at the Registration Services Office, Window 25, 100 Henry Administration Building, no later than 4:00 PM, Friday, November 3, 1995. No refund is available thereafter. In cases of extenuating circumstances, such as medically documented illness or injury, an exception to the refund period may be made by the director of admissions and records, acting on a petition submitted by a student. Petition forms are available at Window 25, 100 Henry Administration Building.

If you officially withdraw within the refund period, you will receive a pro-rata refund based upon the date on the withdrawal clearance form.

Clearance form received by 4:00 PM on:	Percent of assessed tuition and refundable fees refunded
September 3, 1996	100 percent
September 13, 1996	90 percent
September 20, 1996	80 percent
October 4, 1996	70 percent
October 18, 1996	60 percent
October 25, 1996	50 percent
November 8, 1996	40 percent

Assessed tuition, the Service Fee, the General Fee, and the Transportation Fee are refunded on a pro-rata basis less 5 percent of the assessed amount or one hundred dollars (\$100), whichever is less. The Health Insurance and Health Services Fees are nonrefundable.

If you withdraw, you continue to be covered by health insurance and are eligible to receive health services (if you paid these fees) until the first day of instruction for the next term. Before a refund is made to you, the University must make a refund to appropriate financial aid programs providing assistance to you. If you are indebted to the University at the time of withdrawal, you will have the amount owed deducted from the amount of any refund available.

If you are permitted to pay tuition and fees on the installment plan, or if you make no payment at all, and then withdraw from the University, you are liable for the full amount of tuition and fees originally assessed less applicable refunds.

Special refund policies apply to those who withdraw to enter either active duty in the armed forces or other approved national defense service.

General Information

Addresses and Phone Numbers Are Important

Have you moved recently or since you were last enrolled? Be sure to keep the Office of Admissions and Records informed of your current address and telephone number. That way you will not miss receiving important registration, college, and related information.

Each student is responsible for keeping the following addresses current on U of I DIRECT:

- local address (for mail sent during the term)
- permanent address (for mail sent between terms)
- emergency address

You may also update your telephone information on U of I DIRECT. The University phone operators' listings and your entry in the online phone book will include the phone number listed in U of I DIRECT.

Student Records Policy

It is University policy to comply fully with the Family Educational Rights and Privacy Act of 1974 as amended. The University will not disclose information that it maintains as part of its normal course of business without the consent of the student. For complete information concerning record release and student access rights, refer to Rules 58 through 66 in the August 1995 *Code on Campus Affairs and Handbook of Policies and Regulations Applying to All Students*.

The University has designated certain categories of information as directory information. Students' consent to release this information is implied. A currently enrolled student may instruct the University to withhold one or both categories of directory information by submitting a request form to the Office of Admissions and Records prior to the end of the fifth day of instruction for a term. Regardless of a student's enrollment status, a request to withhold directory information remains in force until the student submits a subsequent request removing the restriction. Forms may be obtained and filed at Window 25, 100 Henry Administration Building.

Personal Information

- The student's name
- Addresses
- Telephone numbers
- Date of birth
- Weight and height, if an athletic team member

Academic Information

- The student's name
- College
- Curriculum and major field of study

- Class level
- Dates of attendance
- Full- or part-time status
- Institutions previously attended
- Degrees, honors, and certificates received or anticipated
- Eligibility for membership in registered University honoraries
- Participation in officially recognized activities and sports

If a student has elected to withhold either personal or academic information, the University will respond to inquiries as follows: **"The student has instructed us not to reveal this information."**

If a student has elected to withhold both categories of directory information, the University will respond to inquiries as follows: **"There is no information available for any student by that name."**

Identification Cards

Each student is issued a permanent photo identification card which must be retained by the student while registered at the University. The ID card remains the property of the University, and any student who alters or intentionally mutilates a University ID card, who uses the ID of another, or who allows his or her ID card to be used by another may be subject to discipline. A charge of \$20 (amount subject to change) is assessed for replacing each lost, mutilated, confiscated, or stolen photo ID card.

You are required to present your ID card for identification purposes at the request of an agent of the University when the agent is acting in the performance of his or her supervisory or security function (e.g., examination proctor, police officer, residence hall director or adviser, gymnasium supervisor, ticket taker, or usher). You may be subject to discipline if you refuse to provide your University ID card when requested by an agent of the University.

When performing his or her duties, an agent of the University may confiscate your ID card if an individual other than yourself attempts to use the card to represent him/herself as a duly registered student, if the ID card you present is not valid at the time you attempt to represent yourself as a duly registered student, or the ID card is reported as lost/stolen or replaced.

You have the option to use your ID card as a University charge card, so it is important that you keep it secure. If you cannot find your ID card, go to or call the Campus ID Center and complete a Lost/Stolen Property Report immediately. Until then, you may be liable for unauthorized use of your ID card. That liability is limited to \$50.00 and ends once you have completed the report.

Questions regarding the issuance of ID cards may be directed to the Campus ID Center, Room 204, Illini Union Bookstore, 809 South Wright Street, or call 244-0135.

Students with Disabilities

Students with disabilities who have not registered for services with the Division of Rehabilitation Education Services, 1207 S. Oak Street and who wish to request accommodations for any or all of the classes in which they are registering, should contact the Coordinator for Student Services with the Division at 333-4602 (voice) or 333-1970 (TTD).

Compliance with State Immunization Law

Each admitted applicant entering the University after July 1, 1989, is subject to the requirements of Illinois Public Act 85-1315, which requires students to provide evidence of immunity to certain vaccine-preventable diseases. All students subject to the provisions of this law have received a copy of the McKinley Health Center Student Health Report form with their Notice of Admission. Students who fail to return the form by the date shown are encumbered for the next term. Students who fail to comply with state law before the start of the next term are prohibited *by law* from enrolling in that or any subsequent term.

Semester Hour Requirements

Undergraduate students are required to pursue a normal program of study, which varies by college and curriculum. More or less than a normal program may be permitted only by authority of the dean of the college or his/her designated representative.

For undergraduate, graduate, and professional students, the minimum program required in a semester for receipt of maximum educational benefit payments under the Veterans Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is 12 semester hours or 3 units.

Classification of Students

The Registrar's Office uses only the following definitions in the classification of enrollment:

Full-time Students:		
Undergraduates	Graduate Students	
Fall and Spring Semesters	12 or more hours	3 or more units
Half-time Students:		
Fall and Spring Semesters	6 to 11.5 hours	1.5 to 2.75 units
Class Level:		
Freshmen	0 to 29.9 hours	
Sophomores	30 to 59.9 hours	
Juniors	60 to 89.9 hours	
Seniors	90 hours and above	

Graduate students are certified as advancing one year of study if they were registered in two semesters. Graduate students on a consecutive summer-session-only pattern are advanced one year after completion of three eight-week summer sessions. A graduate student may not be certified as having advanced one year more than once within a twelve-month period.

Transcripts of Courses and Grades

A student in debt to the University is not entitled to receive a diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made, unless the student has pending a bankruptcy petition seeking a discharge of all such indebtedness, or such indebtedness has been discharged.

A student who graduates or withdraws from the University and has an outstanding loan from the University of Illinois will not be issued a transcript until he/she has completed an exit interview with the Office of Student Accounts and Cashiers, 162 Henry Administration Building.

The charge for an official transcript is \$5 per copy (amount subject to change). The charge for a written certification of enrollment or other data is \$4 per copy. The charge for additional copies *ordered at the same time and sent to the same address or picked up* is \$2 per copy.

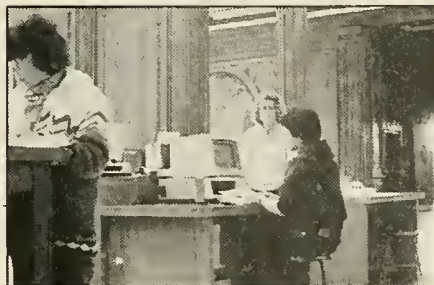

Transcripts may not be ordered by telephone. They must be ordered on the computers, 100 Henry Administration Building, or by mail addressed to the Transcript Department, University of Illinois at Urbana-Champaign, 10 Henry Administration Building, 506 South Wright Street, Urbana, IL 61801. A check or money order made payable to University of Illinois must accompany the order.

Nondiscrimination Statement

The commitment of the University to the most fundamental principles of academic freedom, equality of opportunity, and human dignity requires that decisions involving students and employees be based on individual merit and be free from invidious discrimination in all its forms.

It is the policy of the University of Illinois not to engage in discrimination or harassment against any person because of race, color, religion, sex, national origin, ancestry, age, marital status, disability, sexual orientation, unfavorable discharge from the military, or status as a disabled veteran or a veteran of the Vietnam era and to comply with all federal and state nondiscrimination, equal opportunity, and affirmative action laws, orders, and regulations. This nondiscrimination policy applies to admissions, employment, and access to and treatment in University programs and activities. Complaints of invidious discrimination prohibited by University policy are to be resolved within existing University procedures.

For additional information on the equal opportunity, affirmative action, and harassment policies of the University, or information on Title IX, ADA, or 504, please contact: For the Urbana-Champaign campus: Associate Chancellor William Trent, Third Floor East, Swanlund Administration Building, (MC-304), 601 East John Street, Champaign, IL 61820, (217) 333-4238; or Director Larine Cowan, First Floor West, Swanlund Administration Building (MC-304), 601 East John Street, Champaign, Illinois 61820; (217) 333-0885.

The 6-year graduation rate for students who entered this University in 1989-90 is 79 percent. A complete student right-to-know report may be obtained from the Office of Public Affairs, 601 East John, Champaign, IL 61820.

First-Year Discovery Courses

In the First-Year Discovery Program, entry-level undergraduates can choose from a variety of small, faculty-taught courses that provide an opportunity to interact with faculty and other students from the start. Discovery sections are offered in many formats and disciplines, but all have in common the goal of helping first-year students in the transition to the intellectual community of the campus. All Discovery sections are small, with enrollments limited to twenty students or fewer; all are faculty-taught and interactive.

Below you will find an incomplete list of Discovery sections to be offered in Fall, 1996. These courses are also listed in the body of the Timetable, where you can find the complete information needed to register for the courses, including the call numbers as well as the lecture/lab/discussion section times and locations, and any enrollment restrictions. Descriptions of the courses and the faculty who will teach them can be found in the Discovery Booklet provided to all new freshmen students when they register during the summer.

The Discovery Program gives priority registration to first-year students.

For a complete list of Discovery Courses, see the separate Discovery booklet, available May, 1996.

All courses noted with an asterisk (*) require attendance at a combination of lectures, labs, and/or discussions each week. See Timetable listing for lecture schedules.

Courses Listings

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be posted to the on-line *Timetable* (see page 6).

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed for freshmen and sophomores) are numbered 100 to 199; for advanced undergraduates (designed for juniors and seniors), 200 to 299; for advanced undergraduates and graduates (junior, senior, or graduate standing required), 300 to 399; for graduates, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, 8-10 MTuWTh indicates that class periods begin at 8:00 AM and continue for approximately two hours on Monday, Tuesday, Wednesday, and Thursday; 11 - 1230 TuTh means that class periods begin at 11:00 AM and continue for ninety minutes on Tuesday and Thursday. Any class beginning after 6:00 PM is indicated by the letters PM. For example, 730-930PM indicates that the class period begins at 7:30 PM and continues until approximately 9:30 PM.

Class Locations

The place of meeting of each class is shown by the number of the room and the name of the building. A listing of the building abbreviations may be found in this *Timetable*.

Credit

Credit for undergraduate students is counted in semester hours. A semester hour is one class period a week for one semester or the equivalent in laboratory work, fieldwork, or approved independent study. The number of hours for which each course counts is shown under the course.

Credit for graduate students is counted in units. A 1-unit course requires ten hours each week throughout a semester, irrespective of the distribution of that time in class work, laboratory work or fieldwork, and private study. Four such courses or their equivalent constitute a student's normal program for one semester. The unit value of each graduate course is indicated under the course. No course may be taken for graduate credit unless it is so designated in this *Timetable* or the on-line *Timetable*. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or 1/2 to 2 units; in registering for a course with variable credit on U of I DIRECT, each student indicates on the class registration screen the number of hours or units for which he or she intends to take the course.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Approval of the Graduate College must be obtained for the registration of undergraduate students in 400-level courses for semester hour or unit credit. Courses are current as of March 1, 1996.

Pending Sections

Pending sections are sections shown in the *Timetable*, but not yet open for students to register in. They are identified by the letters "PEND" in the space where the call number normally appears.

Departments may open pending sections later, if they have the staff to teach them and enough students enrolled. Once a pending section is opened, its call number appears both as an alternate selection on the registration screen and in the timetable listed on the World Wide Web.

You cannot enroll in a pending section until it is opened by the department. If you have questions about the possibility of a pending section being opened, please contact the department offering the course.

Campus-wide General Education Courses

The following courses are approved for campus-wide general education credit in the Composition II and Quantitative Reasoning I categories. Not all of these courses are offered in the fall semester; please consult the departmental listings in the body of the *Timetable* for course schedules. Current information on courses which satisfy campus-wide General Education requirements for the Cultural Studies, Humanities & the Arts, Natural Sciences & Technology, and Social & Behavioral Sciences categories can be found at the following WWW address: <http://providers/provost/gened.html>. This list was accurate as of February 28, 1996, and does not reflect course changes made after that date.

4:00 PM or later 4:00 PM or later	Monday Tuesday	7:00-10:00 PM, Thursday, Dec 19 7:00-10:00 PM, Saturday, Dec 21

The final examination for a course is scheduled according to the full or half hour on Monday or Tuesday on which the class first meets regularly during the semester. For example, if a course meets regularly at 10:00 AM on MWF, the examination must be given from 8:00 to 11:00 AM on Saturday, December 21. The final examination for a course meeting regularly on TuTh from 2:30 to 4:00 PM must be given from 7:00 to 10:00 PM on Tuesday, December 17.

In a course having a combination of lecture and discussion and/or laboratory periods, the first lecture hour of the week is considered the first contact of the week for purposes of determining examination time. Call 333-1231 with questions about this.

For a course not provided for in the examination schedule (i.e., one that meets for the first time on Wednesday or later), an examination is to be given within the established examination schedule at the discretion of the instructor and at a time to avoid conflicts. A conflict examination must be given if necessary. The instructor must call the departmental office to schedule the room for the examination.

Any College of Education course at the 300- or 400-level that meets once a week must have a final examination on the same day and at the same time that the class regularly meets. The Office of Facility Planning and Management will make room assignments for such courses.

Fall Semester 1996 Noncombined Final Examination Schedule

DECEMBER 16 THROUGH DECEMBER 21, 1996¹

This schedule does not apply to courses in the Colleges of Law and Veterinary Medicine, which publish separate schedules.

A combined-sections final examination schedule (for giving examinations to several sections of a course at the same time) appears late in the semester in the *Daily Illini*. Detailed information governing final examinations is contained in *Instructions for Giving Final Examinations*, issued in November by the Office of

Admissions and Records and available for inspection at all departmental offices and libraries.

Illinois law requires the University to reasonably accommodate its students' religious beliefs, observances, and practices in regard to admissions, class attendance, and the scheduling of examinations and work requirements. All regulations governing final examinations will be applied in the context that an individual student's religious beliefs, observances, and practices will be reasonably accommodated if the student informs his or her instructor of the conflict within one week after being informed of the final examination schedule. Any student may appeal in writing an instructor's adverse decision to a request based on religious beliefs, observances, and practices; such appeal must be made to the dean of the student's college or to the director or dean of the student's school or institute (if such school or institute is organized as a separate unit). Before taking action, the dean or director should request that the instructor explain his or her denial in writing.

¹An examination for a first-half-session course should be scheduled at the end of the first-half-session period. If such an examination is not scheduled in the regular classroom at the time the class usually meets, a special examination room must be served through the Office of Facility Planning and Management, 333-1231.

Requirement

A final examination must be given during the scheduled final examination period for each course except in a course that has a character that renders a final examination unnecessary or impracticable. The head or chairperson of the academic department in which the course is offered determines when a final examination is not required.

Time of Examination

An instructor must give a final examination at the time specified in the published schedule unless a change is approved in advance through the Office of the Vice-Chancellor for Academic Affairs. A request for change must be submitted through the executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. **Requests for examination changes should be made only in cases of legitimate need and not just for the convenience of students and instructors.**

A request for change in the examination schedule will not be considered for approval unless the instructor

- has polled the class to determine that an alternative date is desired by a majority of the class members, and
- also offers the examination at the regularly scheduled time if some choose not to take it at the alternate time, and
- has contacted the Office of Facility Planning and Management (333-1231) and has assurance that space is available in which to give the examination at an alternate time if approved. The Office of Facility Planning and Management will not confirm space availability for early examinations until the twelfth week of the semester.

No semester final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

NOTE:

Undergraduate Students: Except as provided for a request based on religious beliefs, observances, and practices, only the dean of a student's college may approve temporary postponement of the final examination in an individual case of an undergraduate student.

Graduate Students: A student's instructor is authorized to approve a request for postponement of the final examination in an individual case of a graduate student.

Place of Examination

An examination will be held in the room where the course meets for the first lecture contact hour of the week, except in the case of a combined-sections examination, an examination for a course in which the instructor has requested additional space for the final examination, or a specifically scheduled examination. Instructors are to announce any special or changed room assignments.

Take-Home Examination

If a take-home final examination is assigned, it is to be submitted by the student at the time and date of the regularly scheduled final examination. An instructor who wishes to depart from this practice, must follow the procedure for changing the final examination schedule as stated elsewhere in this section.

Length of Examination

The maximum limit for an undergraduate final examination shall be three hours, except by special arrangement in individual cases approved by the dean of the appropriate college. At the discretion of the department, a shorter examination may be given.

Conflicts

- Certain professional examinations (e.g., national actuarial, state CPA, and the Architect Registration Examination) take priority over campus final examinations. An instructor must offer a "conflict" examination to a student scheduled to take one of these examinations and a campus final examination at the same time.
- Noncombined examinations have precedence over combined-sections and conflict examinations.
- Combined-sections examinations have precedence over conflict examinations.
- As between courses offered at the same time on the combined-sections final examination schedule, a priority system has been established, with courses in Group (1) having precedence over those in Group (2), and so forth. Conflicts within groups must be resolved by the departments involved.
- A conflict not resolved by the above order of preference must be resolved by the instructor of the course having the larger enrollment offering a makeup examination, provided he or she is informed of the conflict by the student no later than the last official day of instruction in the semester (December 13).
- Departments offering combined-sections examinations must provide conflict examinations if needed.

A detailed combined-sections and conflict final examination schedule, including all regulations governing conflicts, will be published by the Office of Admissions and Records late in the semester.

Students Having More than Two Consecutive Final Examinations

No student is required to take more than two consecutive semester final examinations. This means that if you take final examinations at 8:00 AM and 1:30 PM on the same day, you cannot be required to take another final examination that same day; however, you are required to take an examination scheduled for 8:00 AM the following day.

Similarly, if you have a final examination at 7:00 PM one day and another at 8:00 AM the next day, you cannot be required to take an examination at 1:30 PM that second day; you can, however, be required to take an examination at 7:00 PM of that second day.

If you have more than two consecutive final examinations scheduled, you are entitled to rescheduling, provided you take the following actions *no later than the last official day of instruction in the semester (December 13)*:

- You must investigate whether a conflict examination is being held at another time for any of the examinations involved. (Instructional staff members are urged to announce any conflict final examinations by the last day of classes.)
- If a conflict examination has been scheduled for any of the courses, you must take one or more of these conflict examinations.
- If no conflict examinations have been scheduled, you should contact the instructor of the course having the largest number of students. That instructor **MUST** provide a makeup examination. Remember, you must initiate contact with the instructor involved no later than the last day of instruction.

Discipline for Violations of Academic Integrity

Procedures to be followed in cases of alleged cheating on final examinations may be found in the *Code on Campus Affairs and Handbook of Policies and Regulations Applying to All Students*.

Drive. Intensity. Those aren't words you're likely to see in many course requirements. Then again Army ROTC is unlike any other elective. It's hands-on excitement. ROTC will challenge you mentally and physically through intense leadership training. Training that builds your character,

confidence and decision-making skills. Again words other courses seldom use. But they're the credits you need to succeed in life. ROTC is open to freshmen and sophomores without obligation and requires about five hours per week. Register this term for Army ROTC.

Welcome To U of I DIRECT Registration, Spring 1997

When you use your Network ID and password to access U of I DIRECT from personal computers at multiple locations on campus (or via dial-up with modem), you will be welcomed to U of I DIRECT registration, followed by a request to verify your local address and the Main Menu of Options. You then select an option by pressing the appropriate key(s) on the keyboard.

The registration checklist and a schedule planning form, included in the *Timetable*, will help you develop your schedule before you log onto U of I DIRECT.

You are assigned a Registration Time (RT) based on the number of hours/units completed or in progress, according to campus policy. Through U of I DIRECT you can:

- register and add/drop classes
- update your address and telephone information
- provide information on appointment/graduation status
- obtain a copy of your class schedule

Some classes are listed in the *Timetable* as "authorization only." Contact the department for approval before using the U of I DIRECT system to register in one of these classes.

The U of I DIRECT system will control for registration time; class size, academic program, maximum credit, advising hold (if applicable), and encumbrances. If an advising hold has been placed on your record, it must be removed before you can register. You should resolve all encumbrances as soon as possible. If you have an encumbrance on your record, access to U of I DIRECT to register or to drop or add classes will be blocked approximately three weeks prior to the first day of instruction. **If you have an encumbrance on your record as of 5:00 PM the first day of instruction, your course registration for the term will be cancelled.** You can avoid having your course registration cancelled by resolving encumbrances.

Finally, the U of I DIRECT Assistance Center will be available from 8:30 AM until 4:45 PM, Monday through Friday in B-3 Coble Hall (enter north side of Coble). If you need information or assistance using U of I DIRECT, call 333-6565.

Introduction to the Timetable

The *Timetable* is the listing of course offerings for the term, and includes instructions on when, where, and how to register and drop and add classes; tuition and fees, and billing information; academic calendar information; how to get a replacement ID card; etc. Therefore, please keep it for future reference. Updated information on course offerings is also available by checking the timetable course section information on the World Wide Web (http://www.uiuc.edu/admin_manual/Courses/time.top.html) and from college and departmental advisers.

While every effort is made to provide accurate and up-to-date information, the University reserves the right to change without notice statements in the *Timetable* concerning rules, policies, procedures, tuition, fees, curricula, courses, or other matters. All course registrations are accepted subject to enrollment conditions set by the offering departments. In addition, colleges and departments reserve the right to:

- impose enrollment requirements and prerequisites,
- reassign students to other sections in a course,
- withdraw students from certain courses or sections after enrollment,
- cancel course offerings or sections for legitimate educational reasons.

Students considering enrollment in military science, naval science, or air force aerospace studies courses should be aware that University policy prohibits discrimination on the basis of sexual orientation; students may enroll in these courses regardless of sexual orientation. As of the date of printing of this publication, students seeking to enroll in ROTC are not asked to disclose their sexual orientation. However, homosexual conduct is grounds for disenrollment from the program.

Student Responsibility

- You are responsible for knowing and adhering to the policies, deadlines, and procedures in the *Timetable*. Careful reading of the various sections of this booklet will help you avoid enrollment problems.
- U of I DIRECT is the UIUC system to register for courses by computer. When you do so, you agree to pay tuition and fees to the University according to the payment policies and schedules adopted by the Board of Trustees. If you wish to cancel your registration, and thus avoid payment of tuition and fees charges, you must do so by 5:00 PM of the first day of instruction.
- Unauthorized use of University of Illinois computer systems, data, or resources; unauthorized use of another individual's identification, account, or password; or an attempt to gain unauthorized access is prohibited by University policy and may constitute a violation of Illinois state law.
- As an enrolled student, you are responsible for knowing and complying with the regulations of the University, your college, and the departments offering the courses you are taking, and for fulfilling the requirements for your particular degree. You may obtain the regulations of your college at the college office.

You are expected to conduct yourself at all times in accordance with accepted principles of responsible citizenship and with due regard for the rights of others.

You are advised to obtain a copy of the *Code of Policies and Regulations Applying to All Students*. That publication is available for inspection at college and departmental offices and libraries, at the Illini Union Information Desk, the Student Organizational Complex in the Illini Union, in the lobby of the Turner Student Services Building, and at Window 25, 100 Henry Administration Building. The *Code* is also available on the Web (http://www.uiuc.edu/admin_manual/code).

The Office of Publications/Office of Public Affairs at the University of Illinois at Urbana-Champaign contracted for the publication of the *Timetable*. 96.092

Candidates from all colleges except Veterinary Medicine MUST be measured for caps and gowns in Room 210 (General Lounge) of the Illini Union at any one of the following times: (So that unforeseen circumstances do not prevent you from getting a cap and gown, please plan to be measured at one of the earlier sessions.)

Wednesday, April 9	Noon - 2:30 PM
Thursday, April 10	10:00 AM - 12:30 PM
Tuesday, April 15	Noon - 2:30 PM

Wednesday, April 16	2:00 PM - 6:00 PM

You are strongly advised to order a cap and gown if there is even a slight possibility of participating in a graduation ceremony. Rental fees are assessed only if the attire is picked up during the cap and gown distribution period.

You MUST be measured for your cap and gown by April 28. Guest tickets will be issued at the time of cap and gown measurement. Tickets are not required for participants.

Registration Procedures

1. Registration Time - Invitation to Register

All eligible continuing and re-entry students are assigned a Registration Time (RT), according to priorities established by campus policy. This is the first time a student can access U of I DIRECT registration for the term. You will be informed of your RT in your Invitation to Register from the Office of the Registrar, mailed to your local address approximately two weeks before the start of the Registration Period. If you did not receive this mailing, please go to B-3 Coble Hall. Within each priority grouping, RTs are assigned in intervals first by the number of hours earned plus the number of hours (if any) in progress. Further assignment, as necessary, is done randomly by student identification number.

2. Eligibility to Register

In general, students currently enrolled in UIUC degree programs can register early for the 1997 spring semester. You may **not** register early if you are:

- A part-time nondegree student
- A student graduating in January 1997, unless you have been admitted to a UIUC graduate, professional, or second baccalaureate degree for spring semester 1997
- A student newly admitted to a UIUC degree program. Information about your initial registration procedures will be included in your Notice of Admission

3. Advising Hold

Academic advising is recommended for all students and is required in most programs. You are encouraged to meet with your adviser to discuss your plan of study before using U of I DIRECT to register. An advising hold may be placed on your record if you are in a college/department in which advising is a mandatory prerequisite to registration. In such cases you must complete an advising session before your college/department will clear you to enroll using U of I DIRECT. For additional information on the advising hold, please contact your college office.

4. Encumbrances

Academic and administrative offices may place encumbrances on your record for academic reasons, funds owed to the University, judicial reasons, and for failure to meet medical/immunization requirements. If you have an encumbrance(s) on your record, resolve it with the appropriate campus office as soon as possible. You will be informed of any encumbrance(s) on your Invitation to Register, your Official Class Schedule, and each time you access U of I DIRECT. An encumbrance will not prohibit you from participating in registration until your Official Class Schedule is mailed to you approximately three weeks prior to the beginning of the term.

After the Official Class Schedule is mailed, however, all encumbered students will be blocked from access to the U of I DIRECT registration sequence. Students will be alerted to the presence of any

encumbrance(s) on the Official Class Schedule and directed to the appropriate office(s) to resolve them. **Failure to resolve the encumbrance(s) prior to 5:00 PM of the first day of instruction will result in cancellation of your course registration for the term.**

5. Enrollment Requirements and Prerequisites

Many courses carry prerequisites and other enrollment requirements such as "consent of instructor," "enrollment limited to majors," "seniors only," "honor students," etc. These requirements are listed with each course and many are computer controlled. You are expected to comply with these prerequisites and enrollment requirements. Failure to do so may result in your being removed from the course. Should you have questions regarding these requirements, please contact the teaching department.

6. "Authorization Only" Courses

Some courses require departmental authorization prior to registration. If you are interested in an "authorization only" course listed in the *Timetable* you should consult the teaching department prior to your Registration Time. If you meet the enrollment requirements for the course, the department will authorize you online to enroll in the course. You, in turn, must register for the course using U of I DIRECT.

7. Maximum/Minimum Enrollment Levels

The maximum amount of credit in which a student can enroll without special overload approval from his/her college office is:

Fall and Spring Terms

Undergraduates	18 hours
Graduate, Vet Med, Medicine	5 units (20 hours)
Law	16 hours

Summer Term 1

Undergraduates	4 hours
Graduate, Vet Med, Medicine	1 1/2 units (6 hours)
Law	6 hours

Summer Term 2

Undergraduates	9 hours
Graduate, Vet Med, Medicine	3 units (12 hours)
Law	6 hours

Should you wish to enroll above the established maximum, consult your college office.

U of I DIRECT will display a warning message if you are not enrolled in a full course load for the term. Enrollment below the minimum may jeopardize your status with regard to financial aid, athletic eligibility, academic awards, and your visa if you are an international student. Full-time enrollment for undergraduate students is 12 or more hours, for graduate students, 3 or more units.

During the fall and spring semesters, full-time undergraduate and professional students will not be permitted to reduce their credit load below 12 hours after the first day of instruction. College approval is required to carry a load of fewer than 12 hours.

8. Credit-No Credit

The credit-no credit grading option is designed to encourage students to explore areas of academic interest that they might otherwise avoid for fear of poor grades. All students considering this option are cautioned that many graduate and professional schools consider applicants whose transcripts bear a significant number of nongrade symbols less favorably than applicants whose

transcripts contain none or very few. Likewise, in computing a preadmission grade-point average, some schools may convert the NC symbol to a failing grade because they do not know whether the actual grade was a D or F.

Credit-no credit courses are not counted toward the grade-point average, but are included as part of the total credit hours and are assessed as credit hours.

Instructors are not informed of those students in their classes who are taking work under the credit-no credit option and they report the usual letter grades at the end of the course. These grades are automatically converted to CR or NC. Grades of C- or better are required to earn credit.

The credit-no credit option is not available on U of I DIRECT. Should you wish to elect this option, please consult your college office.

9. Policy on Intercollege Transfer

An intercollege transfer applicant is one who is currently registered in an undergraduate college at UIUC and who wishes to be considered for admission to another undergraduate college at UIUC. Intercollege transfer applicants are considered on the basis of the intercollege admission requirements of the new college and availability of space in the chosen programs. This policy does not apply to the Graduate College or a professional college.

The campus has designated two periods each term for intercollege transfer. They are:

- Two weeks prior to the beginning of the Registration Period for each term. Curriculum changes will not be allowed after registration begins.
- One week prior to the start of instruction for the term and through the first week of instruction.

If you intend to apply for intercollege transfer, you should do so within these designated time frames. Your access to certain courses is dependent upon your college of enrollment.

10. Student Health Insurance

The University's Board of Trustees requires that all students be covered by a health insurance plan, either the University's Student Health Insurance Plan or a plan determined by the University to be an equivalent plan. Requests for exemption from the health insurance fee, purchase of dependent coverage, etc., are limited to specific time periods at the beginning of each semester. See "Student Health Insurance Plan" for deadline dates and instructions.

How to Use the World Wide Web *Timetable*

The *Timetable* is also on the campus network (UIUCnet), via a service called the "World Wide Web" (WWW).

The WWW version allows convenient browsing of the *Timetable* with the following advantages:

- The most up-to-date course information: It is updated every night from U of I DIRECT data. Updates include call numbers for pending sections that are now being offered. (See "Pending Sections" on page 27 for more information.)
- Cross-referenced information: Every course is linked to more complete course descriptions found in the online *Courses* catalog.
- Helpful information: Supplemental information is available, e.g., links to a campus map showing class location.
- You can search it via an easy-to-use index.

The WWW *Timetable* can be viewed on the network by using a browser program on a PC, Mac, or Unix system. Some common browsers are NCSA Mosaic, Netscape, or Lynx. If you are familiar with using a WWW browser (i.e., if this computer jargon hasn't bewildered you), you may view the *Timetable* using the following URL (the "address" of the *Timetable* on the WWW):

<http://www.uiuc.edu/timetable>

A document explaining in greater detail how to view the WWW *Timetable* may be obtained at most CCSO locations, including computer sites across campus and the CCSO Resource Center (1420 DCL, 244-1258). Ask for "Using the WWW *Timetable* on the Campus Network." Consultants in the Resource Center can also help you learn about WWW browsers.

The WWW browsers are available on all CCSO site computers, so you may view the WWW *Timetable* at any CCSO site.

U of I DIRECT Network ID and Password

To access U of I DIRECT, you will use your Network ID and password. All UIUC students are assigned a Network ID and password when they are admitted to the University.

As with any computerized system, security of the data is a primary concern. In order to maintain the security of your student records and class schedule, it is imperative that you protect your Network ID and password. NEVER tell anyone your password. NEVER let someone use your Network ID and password. The importance of your password is much like that of a bank card PIN — ALWAYS protect the privacy and security of your password. You are encouraged to change your password periodically to maintain the security of your Network ID.

You may change your password using a computer at any CCSO site. Staff at these locations can assist you. A document entitled, "Changing Your Network ID and password" is also available at these sites. It describes the procedure you use to change your password. Additionally, if you forget your password, go to one of the following places to have it reset so you can resume using your Network ID.

- CCSO Resource Center—1420 DCL
(8:30 AM to 5:00 PM, Monday through Friday)
- Lincoln Hall—Room 212
(8:30 AM to 5:00 PM, Monday through Friday)

Throughout the year, staff at the CCSO Resource Center can assist students, faculty, and staff in resetting their password. This service is available from 8:30 AM to 5:00 PM, Monday through Friday.

If you have questions or concerns about your Network ID and password, contact the CCSO Resource Center (1420 DCL, 244-1258).

✓ U of I DIRECT Registration Checklist

✓ Have your U of I DIRECT registration materials

To register for courses using U of I DIRECT you need:

- U of I DIRECT Schedule Planning Form (located in the back of this *Timetable*)
- Your Network ID and password
- Your Registration Time (RT) from your Invitation to Register

If you did not receive your Invitation to Register, contact the U of I DIRECT Assistance Center, B-3 Coble Hall, 333-6565.

✓ Meet with your adviser to plan your program of courses (and alternative course selections) for the term

- Before your Registration Time (RT), meet with your adviser to discuss your program of study for the term.
- Discuss with your adviser alternative course selections in case your first choice offerings are full/unavailable to you.
- Complete the Schedule Planning Form as a guide.

✓ Prepare for restrictions that may be placed by departments

- **Consent Instructor/Authorization Required:**
If you plan to select courses requiring consent of instructor or departmental approval, contact the department offering the course to obtain permission **PRIOR TO** registering via U of I DIRECT. **Approval to register in AUTHORIZATION ONLY courses is entered into the U of I DIRECT system on-line by the department offering the course. You, in turn, must register for the course using U of I DIRECT.**
- **Independent Study (Conference) Courses:**
Individual study courses require the instructor's permission/authorization before registering. If you select an independent study course, obtain permission from the instructor **PRIOR TO** registering via U of I DIRECT.
- **Courses with Prerequisites:**
Many courses have prerequisites. The prerequisites are intended to help you succeed in the course. You are expected to comply with them. You may be removed from a course for failure to comply with the prerequisites.
- **Courses with Restrictions:**
Some courses have restrictions which limit registration to students meeting certain criteria, e.g., college, curricula, year in school, honors, or placement test scores. Many restrictions are computer controlled. You may be removed from a course if you do not meet the course criteria. Consult the department offering the course if exceptions to these restrictions are required.

✓ Clear Advising Hold and Encumbrances

- If you have an advising hold and/or an encumbrance(s) on your record, that information will appear on your Invitation to Register and on the U of I DIRECT system.
- The advising hold must be cleared online by your college or department before you can register using U of I DIRECT.
- An encumbrance should be resolved as soon as possible, but will not block your access to U of I DIRECT registration until after your Official Class Schedule has been mailed to you, approximately three weeks prior to the first day of instruction for the term. **If you have an encumbrance on your record as of 5:00 PM on the first day of instruction, your course registration for the term will be cancelled.**

✓ Use a computer on campus (or via modem) to register

- With the foregoing steps completed, use your Schedule Planning Form (located in the back of the *Timetable*) as a guide to register in courses via U of I DIRECT. There are multiple points of access to U of I DIRECT conveniently located on campus. Many of these locations are listed in the *Timetable*. Dial-up access via modem is also available.

✓ Register for a complete schedule

- You are advised to register for a complete schedule of courses for the term as soon as possible following your Registration Time (RT).
- Although additional seats may become available in a few courses, and additional sections may be added to some courses prior to the start of the term, you should not delay completing your schedule on the assumption that seats will eventually become available in courses which have closed.
- Complete a workable course schedule early, even if every course is not your first choice.

✓ Verify your addresses

- You are required to provide a local and a home address and a local phone number. If either is blank, U of I DIRECT will require that you provide the addresses before you will be allowed to add courses.
- Make certain that your local, home, and emergency addresses and phone numbers are correct so that you don't miss any important information from the University.

✓ Graduate Students: check your appointment

- A graduate student with a teaching or research appointment must choose menu option F from the U of I DIRECT Main Menu. Select the letter that corresponds to the percent time of your appointment to ensure that you receive proper credit for your tuition and service waivers.

✓ If you are receiving a degree at the end of the term

- Be sure to choose menu option E to petition for your degree.

Part-Time, Late, and Visitor Registration

Part-Time Nondegree Registration

If you are a part-time nondegree student, you may register between Friday, Jan 24, and (noon) Friday, Jan 31. To register, follow instructions for late registration. Part-time nondegree students who register on these dates will not be charged the late registration fine.

Late Registration

- Conducted via **U of I DIRECT** from Wednesday, Jan 22, until (noon) Friday, Jan 31. To complete late registration during this time period, follow the prior instructions in the *Timetable* beginning at "U of I DIRECT Registration Checklist."
- Beginning Monday, Feb 3, after you have met with your adviser and secured any required course approvals and clearances, bring your completed Schedule Planning Form to Window 25, 100 Henry Administration Building to complete registration.

There is a Penalty for Registering Late. You will be assessed a late registration fine of \$15 (amount subject to change) unless you are registering as a visitor.

Registration of Visitors

A visitor is only a listener in a class and may not participate in any class activities. Visitors are not permitted in laboratory, military, kinesiology (other than theory), or studio classes. Students on "dropped" status are not eligible to attend classes as visitors.

To register as a visitor, written approval is required on an official Visitor's Permit available either at Window 25, 100 Henry Administration Building, or at your college office. After obtaining the form, proceed according to one of the following conditions:

- If you are a currently enrolled student: Obtain permission from the instructor of the class and the approval of the dean of your college.
- If you are a former student not currently registered: Obtain the approval from the instructor of the class and the dean of the college in which you were last registered.
- If you have not been previously registered at the University: Obtain the approval from the instructor of the class and the dean of the college in which the course is offered.
- If you are a staff employee of the University: In addition to obtaining other required approvals, you must secure the recommendation of the head of the department or unit in which you work.

After obtaining all required approvals on the Visitor's Permit form, bring the form to Window 25, 100 Henry Administration Building, to complete registration and pay the applicable fee.

Registration Charges, Payments, and Refunds*

Waivers and Exemptions

If you receive a waiver, you are assessed the amount of the charge but the amount is waived by University policy. Because you were assessed the charge, you are eligible to receive the benefits of the service provided by that charge.

If you are **exempt** from a particular charge, that charge is not assessed and therefore you are not eligible to receive the benefits of the services provided by the charge. If you have an exemption from any charge because you are registered in Credit Ranges III or IV, you may obtain the benefits of the service provided by making individual arrangements. (See "Fees and How They Are Determined.")

Tuition and fee waivers are not granted for the Executive MBA or other full-cost programs. Detailed information on tuition and fee waivers and exemptions is published in the *Code of Policies and Regulations Applying to All Students*, which is available on the Web (http://www.uiuc.edu/admin_manual/code).

If you believe that you qualify for any of these waivers or exemptions, consult the staff at Window 25, 100 Henry Administration Building.

Tuition and Fee Assessments

Tuition rates are determined by the University Board of Trustees. Assessment is based on your college and curriculum of enrollment, class, your residency classification, and your credit range.

College of Enrollment

Your tuition rate is based in part on whether you are an undergraduate, graduate, or professional student. All students enrolled in engineering, chemical and life sciences, and art, music, and architecture, and the master's of business administration, curriculum are assessed a tuition surcharge.

Because the Professional Veterinary Medicine Program requires a full course of study each term, students in that curriculum are assessed a single tuition rate for each of the four years of the program.

Students enrolled in the nursing and medical sciences programs on the Urbana-Champaign campus are assessed tuition at Chicago campus rates. Fees are assessed at UIUC campus rates.

Information about tuition rates for students in flight training, study-abroad, Executive MBA, and other special-cost programs may be obtained at Window 25, 100 Henry Administration Building, or by calling (217) 333-0210.

Residence Classification

Another factor in determining your tuition rate is your residence classification (resident or nonresident of Illinois as defined and determined according to regulations approved by the University Board of Trustees). Your classification is based on information you provide on your admission application and other credentials.

*Policies and procedures regarding tuition and fees are established by the Board of Trustees and administered through various campus offices. This publication summarizes the policies and procedures currently in effect, which may be modified from time to time without notice.

Krannert Fee: Refundable; supports productions at the Krannert Center for the Performing Arts. *(Students exempt from this fee because they are registered in Credit Range III or IV may obtain the services by paying the spring semester fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Feb 14, 1997.)*

Instructional Fee: Assessed students in the MBA curriculum to expand and enhance the program.

Flight Training Fee: Charged each student enrolled in flight training courses in addition to regular tuition and fee registration charges; based on the nature of each course.

SEAL Fee: Refundable; assessed students registered on campus to supplement existing financial aid for needy students.

SORF: Refundable; supports the Student Legal Service and assists in funding programs and/or services of registered student organizations.

SGA Fee: Supports the activities of the Student Government Association.

Students exempt from SEAL, SORF, and SGA fees because they are registered in Credit Range III or IV may participate in them by paying a \$12 fee at a cashier's window in 100 Henry Administration Building by no later than 4:00 PM, Feb 14, 1997. The charge will cover all three fees which may not be purchased separately.

For refund dates on all refundable fees, see the section "Refund of Special Fees."

Tuition and Fees Billings and Payments

Important Dates

Feb 7, Noon	Payment deadline if registered by Jan 21 or between Jan 22 and Jan 24
Feb 10	Payment deadline if registered between Jan 27 and Jan 31
Feb 3 and thereafter	Payment deadline is 4:00 PM on day of registration

Billings and payments for all registration charges, plus charges for University-operated housing, occur after classes begin. Billing is done on a Registration Statement of Charges and Aid which itemizes all registration charges, financial aid administered by the University, financial aid from external agencies (ISSC, VA, etc.), and any cash aid for which you are eligible. The statement also contains the date by which either full payment or the first payment on the installment plan (if approved) must be made. The availability of statements and the payment deadline dates are determined by when you register.

If you clear all encumbrances and have classes on your record by the end of the first day of instruction (Jan 21), your Registration Statement of Charges and Aid will be mailed to your local address around Jan 27. Payment will be due by noon, Feb 7. If your statement does not arrive by Jan 29, go to Window 7, 100 Henry Administration Building to request a duplicate. **IT IS YOUR RESPONSIBILITY AND OBLIGATION TO OBTAIN A STATEMENT AND TO PAY YOUR REGISTRATION CHARGES BY THE DUE DATE WHETHER OR NOT YOU RECEIVED A STATEMENT AT YOUR LOCAL ADDRESS.**

If you late register between Jan 22 and Jan 24, your payment will be due at noon, Friday, Feb 7.

If you register between Monday, Jan 27, and noon, Friday, Jan 31, your payment will be due on Monday, Feb 10.

If you register Monday, Feb 3, or any day thereafter, you must make payment by 4:00 PM on the day of registration at a cashier's window in 100 Henry Administration Building.

Your registration statement will be mailed to the local address you provide through U of I Direct. You may make payment either by U.S. mail, registration drop boxes (located in the Illini Union and the Henry Administration Building), or in person at a cashier's window in 100 Henry Administration Building.

Payment Instructions

- Use the special registration drop boxes to return your payment. Do not use campus mailboxes.
- Allow five days for delivery if you remit by U.S. mail.
- Do not send cash either through the mail or via the drop boxes.
- If you must pay in cash pay at a cashier's window in 100 Henry Administration Building.
- **Where Can I Make Payment?** If your payment deadline is noon, Friday, Feb 7, you may use either U.S. mail or registration drop boxes (not campus mail boxes) to return your statement along with a check or money order in the correct amount. If you must pay in cash, go to a cashier's window in 100 Henry Administration Building.

Special registration drop boxes for payment of registration charges will be available until noon, Friday, Feb 7, at the following locations:

- Henry Administration Building (east and west entrances)

- Illini Union (southwest entrance)

- **Can I Pay by Installment?** An installment plan for paying tuition and fees and single-student residence hall charges is available to students enrolled on campus. This privilege is not extended to registration in extramural, correspondence, and summer Term 1 courses, or to students to whom the privilege has been denied.

Charges for the semester are collected in three installments; the first payable by the due date shown on the original statement, and the remaining installments payable in March and April.

A one-time finance charge of 1 percent of the total amount deferred, or \$2 (amount subject to change), whichever is greater, is made against accounts being paid under the installment plan. An installment payment of charges becomes delinquent on the first day of the month following the date payment was due. Students with delinquent accounts exceeding the dollar limitation may be denied charging privileges.

If you either pay your registration charges on the installment plan or make no payment at all and then later either withdraw from the University or reduce your registration to a lower credit range after the established refund deadline date for the semester, you are liable for the full amount of tuition and fees assessed.

- **What If I Don't Make Payment by the Due Date?** The due date for payment either in full or by installment is printed on your statement. If you do not make full or first-installment payment by the scheduled due date shown on the statement, you will be assessed a \$25 (amount subject to change) registration late payment charge that will be billed to your student account.

A delinquent service charge of 1.5 percent or \$2 (amount subject to change), whichever is greater, is added per month to delinquent student accounts. At any point in the semester, a student who has a delinquent account exceeding the dollar limitation may be denied charging privileges. The delinquent service charge is applied to all items charged to the student account and for which payment is delinquent.

If you are in debt to the University at the end of any term, you may not be permitted to register in the University again. You are not entitled to receive either a diploma or an official transcript of your credits until you have either paid the indebtedness or made suitable arrangements for payment, unless you either have a bankruptcy petition that seeks a discharge of all such indebtedness or all such indebtedness has been discharged.

- **Special Warnings about Payments.** A penalty of \$15 (amount subject to change) is assessed for each check you present to the University that is returned to the Office of Student Accounts and Cashiers because of insufficient funds or for other reasons. Check cashing privileges may be suspended when more than one check is returned to the University. In most cases, the person who endorses a two-party check is the one liable for any penalties charged if that check is returned.

Additional penalties, INCLUDING DISMISSAL FROM THE UNIVERSITY, may be imposed on students who permit their University accounts to become delinquent or who issue checks that are returned to the University unpaid.

Student Health Insurance Plan

The University provides and administers a health insurance plan which is mandatory for those students who have not provided proof of other equivalent health insurance coverage. The fee for the plan is assessed along with other tuition and fees; coverage is worldwide and extends, including breaks, from January 18, 1997 to June 15, 1997. The insurance plan is independent of McKinley Health Service and benefits are not contingent upon McKinley Health Service referrals. Benefits are detailed in the Student Health Insurance Plan booklet which is available at the Student Insurance Office at the Illini Bookstore Bldg., 807 S. Wright, Suite 480, Champaign, IL 61820; (217) 333-0165. See below for information and instructions regarding fee exemption, dependent coverage, etc.

Spring Semester Health Insurance - Enrollment Change Period:

- **January 20 to noon, Friday, February 7, 1996, Student Insurance Office (Suite 480, Illini Bookstore Bldg., 807 S. Wright)**

All of the following student insurance related activities **MUST BE HANDLED IN PERSON** by the student or his/her representative. The student's University Student ID Card is required. Requests for changes mailed to the Student Insurance Office or included with tuition and fee payments made by mail will be returned without action and could result in missing the deadline.

Purchase Health Insurance for Spouse and/or Children

- Must be applied for during change period identified above.
- Dependent coverage becomes effective on the later of the date of application and receipt of premium or the beginning date of the semester for which coverage is being purchased.
- Dependents insured the prior semester will have no lapse in coverage provided the application and premium are received by the last date above.
- Dependents acquired (marriage, birth, entry into U.S.) after the above enrollment period may be added to coverage provided application is made and premium paid within 31 days of the eligibility date (date of marriage, birth, or entry into U.S.). Coverage becomes effective on the date of eligibility. Payment of a full semester's premium for the semester in which the eligibility date occurred is required.

Coverage Extensions beyond Last Semester Enrolled and Insured

- Insurance coverage ends on the beginning date of the next semester/summer session, however, it can be extended for the next school period. For example, if you were a student and insured for spring and will not be a student in the summer, coverage will not continue through the summer unless you elect to purchase a summer extension.
- Extensions for spring semester may be purchased beginning December 2, 1996, at the Student Insurance Office through noon, February 7, 1997; for summer, April 15, 1997, through June 24, 1997.
- Premium is payable at time of application.

Exemption from Health Insurance Fee

- Petitions for exemption must be completed in person during the enrollment change period identified above.
- Proof of other insurance must be provided; acceptable proof can be your insurance identification card or a copy of the policy, plan booklet, or notice on company letterhead from the employer or company certifying your coverage.
- An exemption will automatically continue until reinstatement to

the plan is requested (see "Reinstatement" below) or you do not respond to a periodic request to confirm that you continue to be covered by another health insurance plan.

Reinstatement Conditions

- Apply within 31 days of loss of other insurance; coverage is guaranteed and will be effective the date of application or other coverage termination, whichever is later. Proof of other coverage termination is required.
- Apply more than 31 days after loss of other insurance, or if no loss of coverage has occurred, by providing evidence of good health. If approved, coverage is effective the date of application and will be subject to a pre-existing condition limitation for the first 120 days of coverage.
- A full semester premium is required regardless of effective date.

Refunds

Reduction of Program Range

If you reduce your course enrollment to a lower assessment range (e.g. from Range I to Range II), you receive a refund of the full difference between the two ranges, provided the change is made by 5:00 PM, Friday, January 31, 1997. No refund is available thereafter.

In all cases, a student who is enrolled in only one course and who wishes to discontinue enrollment must withdraw from the University by completing the withdrawal process by the stated deadline.

Refunds

You may be released from your obligation to pay all of spring semester tuition and fees by canceling your registration by 5:00 PM, January 21, 1997.

You may be released from your obligation to pay part of spring semester tuition and fees by:

- Reducing your program by 5:00 PM, Friday, January 31, 1997.
- Withdrawing from the University by 4:00 PM, Friday, April 4, 1997.

Refunds of Special Fees

MBA Instructional Fee. If you withdraw from the master's in business administration curriculum you will receive a pro-rata refund of the MBA Instructional Fee.

Krannert Fee. A refund of the Krannert Fee is available to those students who do not desire to participate. This refund is available during the fifth week of instruction in a semester.

SORF. A refund of SORF is available to those students who do not desire to participate. This refund is available during the sixth week of instruction in a semester.

SEAL Fee. A refund of the SEAL Fee is available to those students who do not desire to participate. This refund is available during the seventh week of instruction in a semester.

Canceling Your Registration

Before the end of the first day of instruction, you may cancel your registration and be relieved of all tuition and fee charges. You may cancel your registration in one of the following ways:

- On-line by using **U of I DIRECT** no later than 5:00 PM on the first day of instruction of the term you wish to cancel.

- By submitting a request for cancellation of registration to the Office of Admissions and Records. The request must be received no later than 5:00 PM on the first day of instruction of the term you wish to cancel. Requests by mail should be addressed to the Office of Admissions and Records, 10 Henry Administration Building, 506 South Wright Street, Urbana, IL 61801.
- In person requests should be made at Window 25, 100 Henry Administration Building, by 4:00 PM on the first day of instruction of the term you wish to cancel.

You may cancel your registration provided you have neither attended any classes nor received any related student services. If you cancel your registration and do not plan to return for a future term, you must also cancel any future courses for which you have registered.

If you either attend a class or use campus services and then wish to leave the University, you must officially withdraw.

Withdrawal from the University

To withdraw, you must follow established withdrawal procedures beginning with completion of a clearance form available from the office of the dean of your college or graduate department.

To obtain a partial refund of spring semester registration charges, you must deposit a completed withdrawal clearance form at the Registration Services Office, Window 25, 100 Henry Administration Building, no later than 4:00 PM, Friday, April 4, 1997. No refund is available thereafter. In cases of extenuating circumstances, such as medically documented illness or injury, an exception to the refund period may be made by the director of admissions and records, acting on a petition submitted by a student. Petition forms are available at Window 25, 100 Henry Administration Building.

If you officially withdraw within the refund period, you will receive a pro-rata refund based upon the date on the withdrawal clearance form.

Clearance form received by 4:00 PM on:	Percent of assessed tuition and refundable fees refunded
January 21, 1997	100 percent
January 31, 1997	90 percent
February 7, 1997	80 percent
February 21, 1997	70 percent
March 7, 1997	60 percent
March 14, 1997	50 percent
April 4, 1997	40 percent

Assessed tuition, the Service Fee, the General Fee, and the Transportation Fee are refunded on a pro-rata basis less 5 percent of the assessed amount or one hundred dollars (\$100), whichever is less. The Health Insurance and Health Services Fees are nonrefundable.

If you withdraw, you continue to be covered by health insurance and are eligible to receive health services (if you paid these fees) until the first day of instruction for the next term. Before a refund is made to you, the University must make a refund to appropriate financial aid programs providing assistance to you. If you are indebted to the University at the time of withdrawal, you will have the amount owed deducted from the amount of any refund available.

If you are permitted to pay tuition and fees on the installment plan, or if you make no payment at all, and then withdraw from the University, you are liable for the full amount of tuition and fees originally assessed less applicable refunds.

Special refund policies apply to those who withdraw to enter either active duty in the armed forces or other approved national defense service.

General Information

Addresses Are Important

Have you moved recently or since you were last enrolled? Be sure to keep the Office of Admissions and Records informed of your current address and telephone number. That way you will not miss receiving important registration, college, and related information.

Each student is responsible for keeping the following addresses current on U of I DIRECT:

- local address (for mailings sent during the term)
- permanent address (for mailings sent between terms)
- emergency address

You may also update your telephone information on U of I DIRECT. The University phone operator's listings and your entry in the on-line phone book will include the phone number listed in U of I DIRECT.

Student Records Policy

It is University policy to comply fully with the Family Educational Rights and Privacy Act of 1974 as amended. The University will not disclose information that it maintains as part of its normal course of business without the consent of the student. For complete information concerning record release and student access rights, refer to Rules 62 through 68 in the August 1996 *Code of Policies and Regulations Applying to All Students*.

The University has designated certain categories of information as directory information. Students' consent to release this information is implied. A currently enrolled student may instruct the University to withhold one or both categories of directory information by submitting a request form to the Office of Admissions and Records prior to the end of the fifth day of instruction for a term. Regardless of a student's enrollment status, a request to withhold directory information remains in force until the student submits a subsequent request removing the restriction. Forms may be obtained and filed at Window 25, 100 Henry Administration Building.

Personal Information

- The student's name
- Addresses
- Telephone numbers
- Date of birth
- Weight and height, if an athletic team member

Academic Information

- The student's name
- College

If a student has elected to withhold both categories of directory information, the University will respond to inquiries as follows: "There is no information available for any student by that name."

Identification Cards

Each student is issued a permanent photo identification card which must be retained by the student while registered at the University. The ID card remains the property of the University, and any student who alters or intentionally mutilates a University ID card, who uses the ID of another, or who allows his or her ID card to be used by another may be subject to discipline. A charge of \$20 (amount subject to change) is assessed for replacing each lost, mutilated, confiscated, or stolen photo ID card.

You are required to present your ID card for identification purposes at the request of an agent of the University when the agent is acting in the performance of his or her supervisory or security function (e.g., examination proctor, police officer, residence hall director or adviser, gymnasium supervisor, ticket taker, or usher). You may be subject to discipline if you refuse to provide your University ID card when requested by an agent of the University.

When performing his or her duties, an agent of the University may confiscate your ID card if an individual other than yourself attempts to use the card to represent him/herself as a duly registered student, or if the ID card you present is not valid at the time you attempt to represent yourself as a duly registered student.

Questions regarding the issuance of ID cards may be directed to the Campus ID Center, Room 204, Illini Union Bookstore, 809 South Wright Street, or call 244-0135.

Students with Disabilities

Students with disabilities who have not registered for services with the Division of Rehabilitation Education Services, 1207 S. Oak Street and who wish to request accommodations for any or all of the classes in which they are registering, should contact the Coordinator for Student Services with the Division at 333-4602 (voice) or 333-1970 (TTD).

Compliance with State Immunization Law

Each admitted applicant entering the University after July 1, 1989, is subject to the requirements of Illinois Public Act 85-1315, which requires students to provide evidence of immunity to certain vaccine-preventable diseases. All students subject to the provisions of this law have received a copy of the McKinley Health Center Student Health Report form with their Notice of Admission.

Students who fail to return the form by the date shown are encumbered for the next term. Students who fail to comply with state law before the start of the next term are prohibited by law from enrolling in that or any subsequent term.

Semester Hour Requirements

Undergraduate students are required to pursue a normal program of study, which varies by college and curriculum. More or less than a normal program may be permitted only by authority of the dean of the college or his/her designated representative.

For undergraduate, graduate, and professional students, the minimum program required in a semester for receipt of maximum educational benefit payments under the Veterans Readjustment Benefits Act of 1966 and receipt of social security benefits as a dependent is 12 semester hours or 3 units.

Classification of Students

The Registrar's Office uses only the following definitions in the classification of enrollment:

Full-time Students:	Undergraduates	Graduate Students
Fall and Spring Semesters	12 or more hours	3 or more units
Half-time Students:		
Fall and Spring Semesters	6 to 11.5 hours	1.5 to 2.75 units
Class Level:		
Freshmen	0 to 29.9 hours

A graduate student may not be certified as having advanced one year more than once within a twelve-month period.

Transcripts of Courses and Grades

A student in debt to the University is not entitled to receive a diploma or an official statement or transcript of credits until the indebtedness has been paid or suitable arrangements for payment have been made, unless the student has pending a bankruptcy petition seeking a discharge of all such indebtedness, or such indebtedness has been discharged.

First-Year Discovery Courses

In the First-Year Discovery Program, entry-level undergraduates can choose from a variety of small, faculty-taught courses that provide an opportunity to interact with faculty and other students from the start. Discovery sections are offered in many formats and disciplines, but all have in common the goal of helping first-year students in the transition to the intellectual community of the campus. All Discovery sections are small, with enrollments limited to twenty students or fewer; all are faculty-taught and interactive.

Below you will find an incomplete list of Discovery sections to be offered in Spring, 1997. These courses are also listed in the body of the Timetable, where you can find the complete information needed to register for the courses, including the call numbers as well as the lecture/lab/discussion section times and locations, and any enrollment restrictions. Descriptions of the courses and the faculty who will teach them can be found in the Discovery Booklet mailed to all new freshmen students prior to the start of the early registration period.

Registration in the Discovery Program is limited to first-year students.

For a complete list of Discovery Courses, see the separate Discovery booklet, available October, 1996.

Courses Listings

The following *Timetable* of courses offered by the University is subject to whatever changes may prove necessary at registration time. Notices of all changes in time or place of meeting of classes will be supplied to advisers for checking program request materials during registration.

Arrangement

The arrangement of subjects in this *Timetable* is alphabetical. The courses offered in each subject are listed numerically with headings to indicate the students for whom they are designed. Courses for undergraduates (designed for freshmen and sophomores) are numbered 100 to 199; for advanced undergraduates (designed for juniors and seniors), 200 to 299; for advanced undergraduates and graduates (junior, senior, or graduate standing required), 300 to 399; for graduates, 400 and above. Following the title of each course is a statement of the requirements, if any, for admission to the course.

Class Periods

Class periods for each course are indicated by numerals for the hours of the day and by letters for the days of the week. For example, 8-10 MTWTh+ indicates that class periods begin at 8:00 AM and continue for approximately two hours on Monday, Tuesday, Wednesday, and Thursday; 11 - 1230 TT+ means that class periods begin at 11:00 AM and continue for ninety minutes on Tuesday and Thursday. Any class beginning after 6:00 PM is indicated by the letters PM. For example, - 730-930PM+ indicates that the class period begins at 7:30 PM and continues until approximately 9:30 PM.

Class Locations

The place of meeting of each class is shown by the number of the room and the name of the building. A listing of the building abbreviations may be found in this *Timetable*.

Credit

Credit for undergraduate students is counted in semester hours. A semester hour is one class period a week for one semester or the equivalent in laboratory work, fieldwork, or approved independent study. The number of hours for which each course counts is shown under the course.

Credit for graduate students is counted in units. A 1-unit course requires ten hours each week throughout a semester, irrespective of the distribution of that time in class work, laboratory work or fieldwork, and private study. Four such courses or their equivalent constitute a student's normal program for one semester. The unit value of each graduate course is indicated under the course. No course may be taken for graduate credit unless it is so designated in this *Timetable* or its supplement. In general, 1 graduate unit is the equivalent of 4 semester hours of undergraduate credit.

Some courses have variable credit, such as 3 to 5 hours or 0 to 2 units; in registering for a course with variable credit, each student indicates the number of hours or units for which he or she intends to take the course on the Program Request Form.

A course may not be taken for zero credit unless such credit is specifically authorized in the *Timetable*.

Approval of the Graduate College must be obtained for the registration of undergraduate students in 400-level courses for semester hour or unit credit. Courses are current as of October 2, 1996.

Pending Sections

Pending sections are sections shown in the *Timetable*, but not yet open for students to register in. They are identified by the letters "PEND" in the space where the call number normally appears.

Departments may open pending sections later, if they have the staff to teach them and enough students enrolled. Once a pending section is opened, its call number appears both as an alternate selection on the registration screen, and in the timetable listed in the World Wide Web.

You cannot enroll in a pending section until it is opened by the department. If you have questions about the possibility of a pending section being opened, please contact the department offering the course.

The final examination for a course is scheduled according to the full or half hour on Monday or Tuesday on which the class first meets regularly during the semester. For example, if a course meets regularly at 10:00 AM on MWF, the examination must be given from 8:00 to 11:00 AM on Thursday, May 15. The final examination for a course meeting regularly on TuTh from 2:30 to 4:00 PM must be given from 1:30-4:30 PM on Friday, May 9.

In a course having a combination of lecture and discussion and/or laboratory periods, the first *lecture* hour of the week is considered the first contact of the week for purposes of determining examination time. Call 244-0228 with questions about this.

For a course not provided for in the examination schedule (i.e., one that meets for the first time on Wednesday or later), an examination is to be given within the established examination schedule at the discretion of the instructor and at a time to avoid conflicts. A conflict examination must be given if necessary. The instructor must call the departmental office to schedule the room for the examination.

Any College of Education course at the 300- or 400-level that meets once a week must have a final examination on the same day and at the same time that the class regularly meets. The Office of Facility Planning and Management will make room assignments for such courses.

Spring Semester 1997 Noncombined Final Examination Schedule

MAY 9 THROUGH MAY 16, 1997¹

This schedule does not apply to courses in the Colleges of Law and Veterinary Medicine, which publish separate schedules.

Illinois law requires the University to reasonably accommodate its students' religious beliefs, observances, and practices in regard to admissions, class attendance, and the scheduling of examinations and work requirements. All regulations governing final examinations will be applied in the context that an individual student's religious beliefs, observances, and practices will be reasonably accommodated if the student informs his or her instructor of the conflict within one week after being informed of the final examination schedule. Any student may appeal in

writing an instructor's adverse decision to a request based on religious beliefs, observances, and practices; such appeal must be made to the dean of the student's college or to the director or dean of the student's school or institute (if such school or institute is organized as a separate unit). Before taking action, the dean or director should request that the instructor explain his or her denial in writing.

Requirement

A final examination must be given during the scheduled final examination period for each course except in a course that has a character that renders a final examination unnecessary or impracticable. The head or chairperson of the academic department in which the course is offered determines when a final examination is not required.

Time of Examination

An instructor must give a final examination at the time specified in the published schedule unless a change is approved in advance through the Office of the Vice-Chancellor for Academic Affairs. A request for change must be submitted through the

¹ An examination for a first-half-session course should be scheduled at the end of the first-half-session period. If such an examination is not scheduled in the regular classroom at the time the class usually meets, a special examination room must be reserved through the Office of Facility Planning and Management, 333-1230.

executive officer of the department or school (if applicable) in which the course is offered and the dean of the appropriate college. **Requests for examination changes should be made only in cases of legitimate need and not just for the convenience of students and instructors.**

A request for change in the examination schedule will not be considered for approval unless the instructor

- has polled the class to determine that an alternative date is desired by a majority of the class members, and
- also offers the examination at the regularly scheduled time if some choose not to take it at the alternate time, and
- has contacted the Office of Facility Planning and Management (244-0228) and has assurance that space is available in which to give the examination at an alternate time if approved. The Office of Facility Planning and Management will not confirm space availability for early examinations until the twelfth week of the semester.

No semester final examination should be given during a "regular" class period unless this is deemed necessary by virtue of the course or the examination (e.g., a laboratory "practical" examination as one part of a final examination).

NOTE:

Undergraduate Students: Except as provided for a request based on religious beliefs, observances, and practices, only the dean of a student's college may approve temporary postponement of the final examination in an individual case of an undergraduate student.

Graduate Students: A student's instructor is authorized to approve a request for postponement of the final examination in an individual case of a graduate student.

Place of Examination

An examination will be held in the room where the course meets for the first lecture contact hour of the week, except in the case of a combined-sections examination, an examination for a course in which the instructor has requested additional space for the final examination, or a specifically scheduled examination. Instructors are to announce any special or changed room assignments.

Take-Home Examination

If a take-home final examination is assigned, it is to be submitted by the student at the time and date of the regularly scheduled final examination. An instructor who wishes to depart from this practice, must follow the procedure for changing the final examination schedule as stated elsewhere in this section.

Length of Examination

The maximum limit for an undergraduate final examination shall be three hours, except by special arrangement in individual cases approved by the dean of the appropriate college. At the discretion of the department, a shorter examination may be given.

Conflicts

Certain professional examinations (e.g., national actuarial, CPA, and the Architect Registration Examination) take priority over campus final examinations. An instructor must offer a "conflict" examination to a student scheduled to take one of these examinations and a campus final examination at the same time.

Noncombined examinations have precedence over combined sections and conflict examinations.

Combined-sections examinations have precedence over conflict examinations.

As between courses offered at the same time on the combined-sections final examination schedule, a priority system has been established, with courses in Group (1) having precedence over those in Group (2), and so forth. Conflicts within groups must be resolved by the departments involved.

A conflict not resolved by the above order of preference must be resolved by the instructor of the course having the larger enrollment offering a makeup examination, provided he or she is informed of the conflict by the student no later than the last official day of instruction in the semester (May 7).

Departments offering combined-sections examinations must provide conflict examinations if needed.

A detailed combined-sections and conflict final examination schedule will be made available to departments and on the Web.

Students Having More than Two Consecutive Final Examinations

No student is required to take more than two consecutive semester final examinations. This means that if you take final examinations at 8:00 AM and 1:30 PM on the same day, you cannot be required to take another final examination that same day; however, you are required to take an examination scheduled for 8:00 AM the following day.

Similarly, if you have a final examination at 7:00 PM one day and another at 8:00 AM the next day, you cannot be required to take an examination at 1:30 PM that second day; you can, however, be required to take an examination at 7:00 PM of the second day.

If you have more than two consecutive final examinations scheduled, you are entitled to rescheduling, provided you take the following actions *no later than the last official day of instruction in the semester (May 7)*:

You must investigate whether a conflict examination is being held at another time for any of the examinations involved. (Instructional staff members are urged to announce any conflict final examinations by the last day of classes.)

If a conflict examination has been scheduled for any of the courses, you must take one or more of these conflict examinations.

If no conflict examinations have been scheduled, you should contact the instructor of the course having the largest number of students. That instructor **MUST** provide a makeup examination. Remember, you must initiate contact with the instructor involved no later than the last day of instruction.

Discipline for Violations of Academic Integrity

Procedures to be followed in cases of alleged cheating on final examinations may be found in the *Code of Policies and Regulations Applying to All Students*.

WE CAN MAKE YOUR STUDENT LOAN DISAPPEAR.

It's not magic, it's the Army and Army Reserve's Educational Loan Repayment Programs. If not in default, federally insured college loans up to \$55,000 can completely disappear after three years of active Army service. The amount and duration of repayment varies for Reservists.

Your college experience may allow you to enter the Army at a higher rank and pay grade. And you may also qualify for sophisticated skill training.

For more information, call 1-800-USA-ARMY, Ext. 439, or mail in the coupon today.
